

Welshpool Town Plan

A regularly updated Town Plan that covers a broad range of issues relevant to Welshpool, including toilets and tourist information. The Town Plan is not a Statutory document but it is adopted by the Town Council, and it links to the Local Development adopted by Powys County Council which forms the overall Planning policy for the County including Welshpool.

The Town Council liaises with the Local Planning Authority during the preparation process, and throughout the term of the Plan as some of the Town Plan policies address land use.

For presentations given by the Town Clerk regarding the Town Plan see the links below:
